

The Comenius Institute

Dear contributing patron and friend of Comenius –

“I’ve got to meet these people!” said an excited Comenius student this fall.

At our lunch table **meeting with students at IUPUI** I was asking about college programs. Philanthropy is the focus of one in our group. “I’m really interested in *city housing*,” she said, adding, “Do you know anything about that?”

“As a matter of fact,” I began, **“We had a radio show** on that very topic a few months ago!” I texted our student the link to the podcast. Her enthusiastic reply came back, “Tell me more! I want to know what you know! I’ve got to meet the folks on the show!”

At Comenius, we walk across three bridges. Each bridge serves the others. One minute videos are hyperlinked for explanation.

[We bridge Christian college students](#) with public university life at IUPUI

[We bridge Indianapolis communities](#) through our radio show with intentional connections between black and white leaders

[We bridge Christian understanding of the culture](#), interpreting God's world through God's Word

One student’s interest in city housing was served by the Comenius sponsored radio show because **we have a vested interest in how Christians serve the culture.**

The Comenius Institute serves IUPUI students & professors, local churches & business people, community leaders & entrepreneurs. **Our updated website is filled** with [college discussions](#), [radio podcasts](#), [writing on culture](#), and [video on topics of the day](#). Comenius now has space at [Collaborate 317](#) where we rub shoulders with Indianapolis frontrunners, **sharing good Christian ideas for the public good.**

Comenius students find encouragement in maintaining Christian belief (Titus 1.9) in weekly meetings. **Radio broadcasts, writing, speaking, & teaching** about Christians “doing good” (Titus 3.1, 8, 14) establishes Comenius as a positive catalyst in culture.

The Comenius Institute is a non-profit Christian study center in Indianapolis, Indiana. Comenius needs financial support from contributing patrons. Your patronage serves Christian college students in their studies, benefitting them as we engage culture through Christian video teaching, radio broadcasts, curricula writing, and more.

And ask me what Comenius would do with \$1 million!
